

We Are Enersol Biopower Pvt. Ltd.

Enersol Biopower®, established in 2013, has built a strong reputation in the market for manufacturing, supplying, and distributing biomass-to-energy products. With a commitment to sustainable energy solutions, the company offers innovative alternatives to conventional fuel sources.

Rising LPG prices have heavily impacted the confectionery industry, making biomass stoves a cost-effective and eco-friendly alternative. Enersol Biopower's Bio-Prithvi24 Biomass Stove delivers heat levels comparable to LPG while reducing production costs by over 60%, offering a sustainable and economical solution for confectionery businesses.
